Our 10th Year :: Our Biggest Year

Dear As Our Own Friends and Family,

This year we are celebrating an amazing milestone in what the Lord has done in the lives of our daughters. He has given us the opportunity and the privilege of transforming the lives of vulnerable children for a decade! When we started we knew that God had a sovereign plan for each child, and that with the proper care—when cared for truly as our own—our daughters could thrive. By God's grace and with your help, we have come so far.

Ten years ago we didn't have a single daughter attending college, and this year we'll have 22 daughters in college and junior college. Ten years ago we had just one caregiver for 32 daughters. Now we have father and mother figures for each child and 1 caregiver for every 4 daughters. The progress we have made, through God's provision, puts our daughters on a path where their lives can bring glory and honor to Him who has claimed them as His daughters. As they gain professional careers we are excited to see the impact their lives will have.

I am also grateful to launch our Master's in Child Development degree program in India this year. This training program further empowers our staff and enables us to expand our influence to multiple organizations involved in orphan care to reach thousands more children.

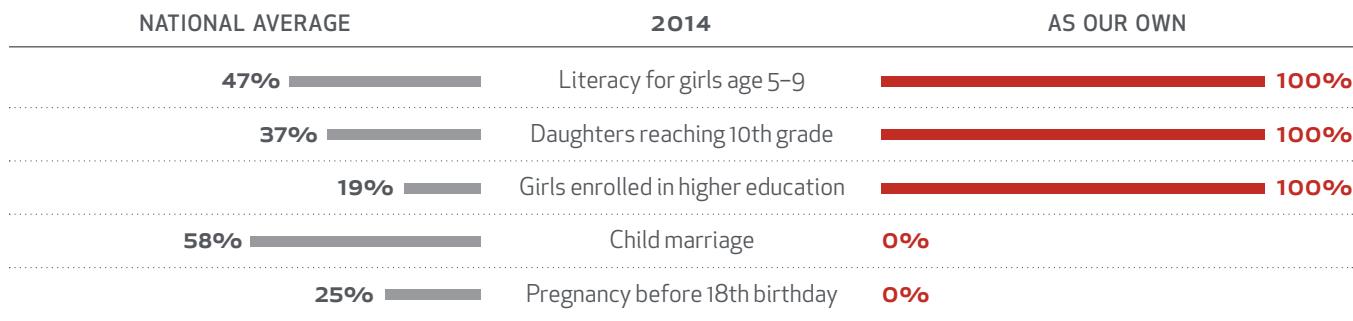

Through your prayers and financial support, the Lord has helped us to redefine the quality and depth of care our children experience. I cannot thank you enough for this. With that in mind, the investment in their lives isn't a one-year activity, it requires continued investment each and every year. We're seeking your help, so they may continue to grow and become all He has planned for them. We are so grateful to the Lord for enabling us to celebrate this milestone and can't wait to see what He will do in the decades to come.

To God be the glory!

Ralph Borde, Founder & CEO, As Our Own

Our Impact :: Revolutionizing Orphan Care

VISION

Transform the way the world cares for vulnerable children.

MISSION

Fulfill the sovereign purpose God has for vulnerable children in India, caring for them as our own, for life.

Our Program

Care

Provide vulnerable children a lifelong family, an identity as our daughter, and as daughters of a loving Father, and high quality education through college to empower them to fulfill their God-given purpose. We are family—for life!

Training

Equip and disciple India's next generation of leaders and caregivers through the Child Development Institute which offers a Master's degree in Biblically-based and clinically-sound child development.

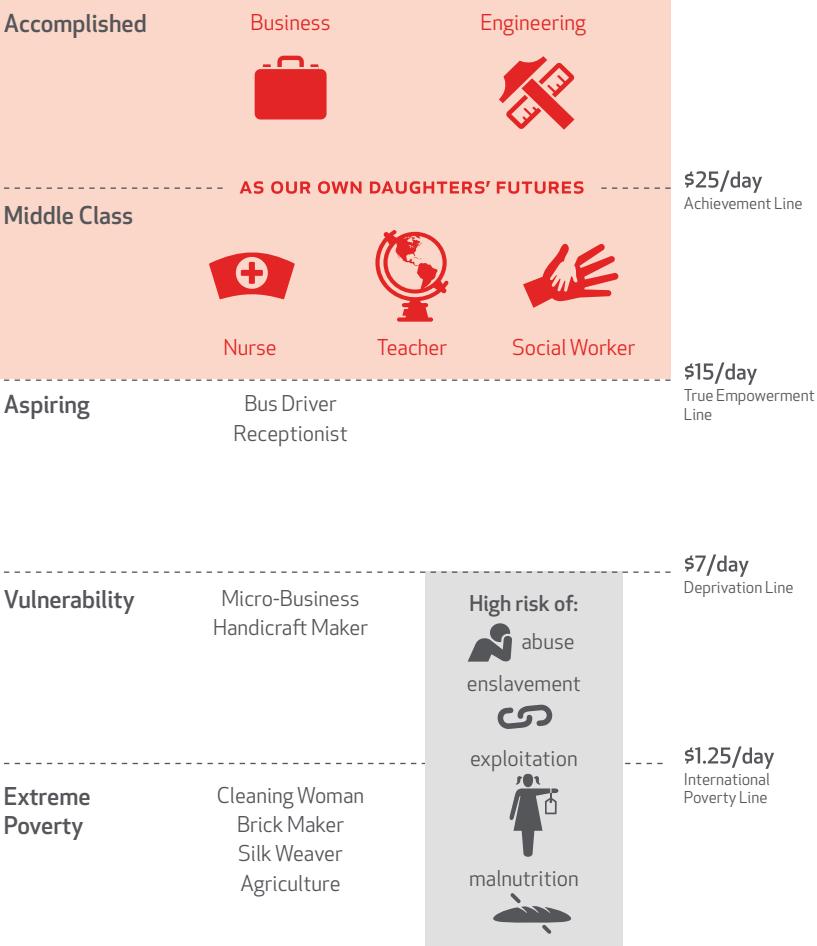

Replication

Empower, mentor, and equip other organizations to follow our lead and to elevate the quality of care in their group homes, replicating the As Our Own model.

CHILD DEVELOPMENT INSTITUTE

Deepak

Father Figure and Master's Degree Student at Hope College

Deepak joined the As Our Own family 10 years ago. In addition to his responsibilities as a pastor in the local church, he also serves as a father figure for six As Our Own daughters. Having received his Bachelor's in Theology he has a great foundation for understanding the father-heart of God and scripture, but now he is heading back to school to pursue a Master's Degree specifically in Child Development at Hope College so that he can be the best dad possible for the daughters in his care.

How do you see this program changing you personally?

"This program should strengthen my calling and further equip me to see

my daughters as God sees them. Please pray that God gives me wisdom and a heart of learning."

What are you most looking forward to learning through the Child Development Institute?

"This concept is so new in India—I've never seen a theologically-based advanced degree in Child Development. As a parent in Grace Home, I hope this training will provide me with the tools to better understand my daughters' hearts, behavior, and attitudes and also equip me to help teach others about how to care for children as our own."

Alisha, 23

Daughter, Junior in Nursing

Recent Learnings

No matter how dark or difficult your life might be, the Lord has placed someone to care for you—for me it is Ralph and the family at Grace Home.

Prayer Requests

- » To walk faithfully and finish well
- » Juggling classroom studies/exams and in-hospital training

My Future

I am really excited about the future—finishing my nursing degree and being able to care for others, especially new sisters who come into our family!

"As a child I never thought I would even see or know what graduating high school was... to be a junior in college and nearing my bachelor's degree is a complete miracle!"

Valarri, 21

Daughter, Sophomore in Computer Engineering

1st class ranking

Prayer Requests

- » To handle the cafeteria food! I miss the cooking at Grace Home!
- » To be able to get a good grade in Engineering Math (my toughest course right now)
- » College life/choosing the right friends, discipline, and discernment

Praises

- » Family guiding me even while I'm away at college
- » Being able to go to this great school

My Future

I hope to continue through my Master's Degree in Engineering, then begin working and help needy children receive better education.

"My life, and what I am, would not be possible without God. I know what He has blessed me with and also what He has protected me from."

5-Year Plan

Our vision is to transform the way the world cares for vulnerable children. By 2020, our 5-year plan allows us to impact more than 1,000 children annually with:

200

children
cared for in our
life-long family

50

professional child
development leaders
trained through the Child
Development Institute

10

orphanages
replicating our model
in India and beyond

2016 Goals

Care

- 80+ daughters** being cared for as our own
- 20+ daughters** attending junior college, Bachelor's, and Master's programs
- 8,000+ hours** of security guards at our homes
- All birthdays** of our daughters celebrated
- Specialized medical care**, surgeries, or therapy for daughters with needs
- Medical checkups** for all of our daughters
- 3 balanced meals** and 2 snacks
- 75%+ daughters** learning music
- 20+ family gatherings** throughout the year

1:4

caregiver-
to-child ratio

Training

- 100% of students** study Theory & Technique of the Care Relationship
- 100% of students** study Methods of Teaching & Education
- 400+ hours** of in-home practical application per student
- Hire and employ** core teaching faculty

1,500

more than 1,500
hours of training

Replication

- Provide** monthly guidance/council to partner organization
- Offer** strategic planning and development to partner organization
- Improve** nutrition and care standards with partner organization
- 1+** organizational partner working under our wing

25

more than
25 children
benefitting from
partnership

WILL YOU HELP US REACH OUR GOALS FOR 2016?

"I am proud to say I am part of this family. I am thankful to God and all the people who are looking after me and have concern for my life."

—Kala, age 15

"I am so blessed to be in this big family—the best thing is how you accept me the way I am."

—Verana

"I want to take care of the vulnerable and bless them in the same way God blessed me. I know that one day that dream is going to come true and in all things, I want to glorify His name alone because He deserves all glory."

—Prina
